

#### **2019 Budget Narrative**

Rates Effective January 1, 2019

CONTROLLER SUMMARY - The Port of Kingston's proposed 2019 Budget represents an overall income increase of sixteen percent, and an overall increase in operating expenses of five percent. 2019 will be a year of new ventures, with Kitsap Transit's fast ferry, more visitors, and more usage of parking lot.

INCOME - Overall income is expected to increase from \$1,547,433 to \$1,798,500; or \$251,068.

Income is projected to increase from 2018 due mainly to rate increases for nightly guest moorage and permanent moorage. The proposed increase for nightly guest moorage reflects an increase from \$1.10/ft. to \$1.25/ft for peak season. Peak season is defined as May 1st to Sept. 30th. This proposed peak season increase will generate an additional \$13,800. The proposed increase for permanent moorage reflects an average ten percent increase for all docks. This will generate an additional \$89,738 in overall income.

In addition to moorage increases, we will be increasing the current \$6 parking rate to \$8 per 12-hour period which will generate an additional \$68,013. The proposed increase of Monthly Parking is to increase from \$85 per month to \$135.

EXPENSES - Expenses are expected to increase from \$1,670,749 to \$1,757,823; a \$87,074 increase.

This is largely due to a cost of living increase and commissioner compensation increase. Medical and business insurance also continue to rise. Repairs and Maintenance expense continue to increase do to new IT company and more usage of the marina. Legal expenses will decrease due to no current legal issues.

Capital Projects and Non-operating revenue/(Expense)- The Port's financial position continues to be strong, with operations generating enough income to pay for all expenses. This leaves non-operating income of \$233,825 to be used to rebuild reserves and capital projects.

Capital projects included parking lot repair and maintenance, waterfront retaining fence repair, KCYC building improvements, Kiwanis Park continuous development and the sailing float repairs.
